West Bloomfield Trail

Clinton River Trail Just east of Sylvan Manor Park, the

16-mile Clinton River Trail continues

on the same historic rail line as the West Bloomfield Trail as it crosses and

Opened to the public in 1993, the 6.8-mile West Bloomfield Trail was one of Michigan's first rails-to-trails conversions, built on the bed of the former Michigan Air Line Railway.

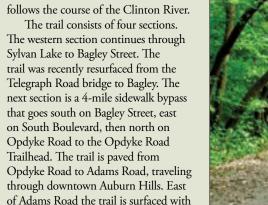

As you travel along the finely screened and compacted limestone path, you will pass by several lakes, ponds, natural areas and residential neighborhoods. The 162-acre West Bloomfield Woods Nature Preserve serves as the central staging area for the trail with Sylvan Manor Park providing trail access on the eastern end where the trail transitions into the Clinton River Trail.

finely screened limestone. This section is
nicely maintained and offers lots of great
scenery and views of the Clinton River.
A half-mile east of Adams Road is
the site of the "Adams Road Mastodon,"

A half-mile east of Adams Road is
the site of the "Adams Road Mastodon,"
where mastodon bones where discovered
in 2006. In Rochester, the trail connects
with the Paint Creek Trail, which you car
ride north a quarter-mile into downtown
Rochester. Two miles east of Rochester
the trail merges with the 23.5-mile

scenery and views of the Clinton River.
